GEN. & REV. S...

Through the Deputy Commissioner, Hassan District.

Sir,

I have the honor to state that an estimate for opening a fair weather road from Akur to Kundur was sanctioned at an estimated cost of Rs 18,800/ by Government in their order No.L.4167-9/L.B. 32-24-58, dated 21st January 1928, and the Government promised a grant of one third of the cost as contribution from State Funds under the Malnad Improvement grant. It is ascertained that an outlay of Rs 8907/ has been so far incurred thereon. As against this expenditure, a sum of Rs 2,697/ represents the outlay from State Funds and the balance of Rs 6,210/ is debited to District Funds. Thus, it will be seen that, although the work has been in progress for nearly seven years, there still remains one-half of the estimate to be worked out. The District Board inspite of their straightened finances have found funds to the extent of Rs 6,910/ uptil now on account of this work and it is not possible at the present situation of the Board to provide any further funds during the current year towards this work. This is an important road which opens the Malnad parts-particularly inaccessable villages in the Alur Sub. Taluk. As there

has been already a long delay in pushing on to completion this project, I request you to be so good as to sanction an allotment of the balance of the Government share of grant (viz., (Rs 3570) for being worked out during the current year. As any further postponement of allotment will tend to damage the work already done and deteriorate the condition of this road and put off the prospects of completion further still, I request the favour of early orders being obtained from Government for making available their share of grant towards the completion of the project.

The Executive Engineer, has stated that the work would be carried on to completion as soon as the grants are allotted. The District Board are desirous of the project being completed early and I enclose herein a copy of their resolution in the matter for favourable consideration of Government and early orders.

I have the honor to be,
Sir,
Your most obedient servant,
